Season of Creation

There has never before been a time, in the history of human existence when we have so threatened and damaged not only our own existence, but also the existence and survival of many species of fish in the sea, birds of the air, animals, vast areas of land, and plants of all kinds. But it is not too late to act, if we do it now and in cooperation with others. **We cannot have peace on earth, unless we have peace with the earth.**
